

CCS FOUNDATION SCHOLARSHIP APPLICATIONS OPEN SOON!

August 16 - September 6, 2021

Please share this information with your students

By completing our General Application, students are applying to multiple scholarships at once and may receive separate, personalized scholarship recommendations!

Awarded students will hear about their scholarship funding as early as spring so that they can review all of their financial aid information at once!

When students apply to our General Application, they'll be eligible to apply for other scholarship opportunities that open throughout the year! They can keep track of these opportunities by signing up for our Scholarship Newsletter on the Foundation website.
