ATTENDANCE PROCEDURES

Daily attendance in all classes is one of the most significant factors in a student’s success at Deer Park High School. The following policy is designed to keep students in school and increase their potential for success.

Attendance-What is the school’s role?

- The school will see that parents and students are aware of the Deer Park High School attendance policy.
- The school will report absences and any other irregular attendance pattern to parents by telephone or by mail.
- The school will work with students and parents toward improvement of attendance.
- The school will instigate disciplinary action for continued attendance problems.

When an absence occurs-Non-attendance in a scheduled class

- Students must bring a note from a parent or guardian indicating the student’s full name, date of absence, reason for the absence, on the day the student returns to school. *Or,* Phone calls from a parent/guardian will be accepted as an excuse by calling the HOTLINE at 464-5571 or Joyce Henning at 468-3501 the day the student is absent. Parents will be notified of unexcused absences by our automated phone system the evening of the absence.
- The student has two days to clear the unexcused absence.
- Teachers will request admit slips.

A phone is available in the main office for students to use when calling a parent/guardian to check in/out of school. No cell phones are allowed to be used in the main office for student check in/out. Texting is not allowed during class-time. Parents *must* contact the attendance office (Do Not Call the Hotline) to check student out of school for early dismissal.

EARLY DISMISSAL / LATE ARRIVAL

All DPHS students must be enrolled for a minimum of six classes, with eligible Juniors and Seniors enrolled in a minimum of five classes. Students who have Late Arrival or Early Release cannot be at school if they do not have scheduled classes. Example 1: if a student is involved in extracurricular activities but has Early Release, they may not remain in the building during Sixth period; instead they would need to either be enrolled in a sixth period class or leave the high school and return at the appropriate time for their activity. Example 2: A student has Late Arrival. The earliest they can arrive on campus is ten minutes prior to the start of second period.

CHECK IN/OUT

Parents/guardians must check students out at the attendance office unless prior arrangements/approval has been made between the attendance secretary and parent/guardian.

ARRIVING LATE

Students are required to check into the attendance office and obtain an admit slip if they arrive to school late. All late arrivals must be excused by parents.

PRE-EXCUSED ABSENCES

A student's attendance will be pre-excused if the following procedure is followed:

- A note (with parent signature) and/or phone call with the reason(s) for the absence, departure date, and duration of the absence will be given to the attendance secretary at least two days prior to departure date.
- Reminder: Emailing teachers for homework does not excuse your child(ren)s absence. You must contact the attendance secretary to avoid unexcused absences.
- It is the student's responsibility to acquire any and all homework for pre-excused absence(s).

TARDIES-total for semester/not per class

Promptness to class is very important. Students are to be in their rooms and ready to work when the bell sounds. Repeated tardiness will lead to disciplinary action as follows:

1-3 Infractions—teacher handles individually. Examples: detention, extra work, conference, parent contact

3 or more Infractions—please refer to Progressive Discipline Guidelines

*It is important to note that tardiness can have a negative impact on academic participation and success and can be reflected in students' grades.

TRUANCY

Being absent from class or classes without permission constitutes an unexcused absence and an act of truancy. There is no legitimate reason for cutting class or skipping. Cutting class will result in a detention determined by administration for each class period missed. Excessive truanancies may result in disciplinary action including in-house suspension or short-term suspension. Five unexcused absences in a month or 10 in a school year will automatically result in an affidavit being filed with juvenile court. TRUANCY- (defined by State Legislature under the "**Becca statute**", as an unexcused absence means that a student has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive district policy and has failed to meet the school district's policy for excused absences). These absences may be handled in the following manner:

- The Automated phone system will contact parents when a child has an unexcused absence.
- A letter may will be sent indicating an unexcused absence and will result in a conference with parents when there are two absences in one month. After two (2) days of unexcused absences
- within a month, the school shall schedule a conference with the parent(s) and child for the purposes of analyzing the causes of the child's absences.
- If the parent(s) does not attend the scheduled conference, the conference will be held with student

and school officials. However, parent(s) shall be notified of steps to be taken to eliminate or reduce the student's absences.

- The fifth unexcused absence in any one-month or the 10th in a school year, will result in the filing of the Becca petition with the juvenile court.
- Establishing, not later than the fifth unexcused absence in any one-month or the 10th in a school year, an agreement with the student and parent addressing attendance requirements or filing a petition with the juvenile court.
- If a student has **excessive excused absences** the school will establish an attendance contract with the student and parent. Students will be required to produce a medically authorized note to excuse future absences.
- Taking steps to modify the student's schedule or define other measures calculated to prevent additional unexcused absences and notify the parents of those measures if parents have not participated in the planning.
- Some additional steps the school will take will also include the following:
 - Referral to the Truancy Board
 - Student transfer to the Alternative School

CLASSROOM ATTENDANCE POLICY

Each teacher will submit their policy in writing the first week of each semester to the students. It is the student's responsibility to refer to the policy. The following guidelines should be used:

- All missed days—excused or unexcused—are to be considered absences.
- All school related absences or suspensions are considered excused absences.
- If an absence is excused, the student shall be permitted to make up all missed assignments outside of class under reasonable conditions and time limits established by the teacher.
- As a means of instilling values of responsibility and personal accountability, a student whose absence is not excused shall experience the consequences of his/her absence. A student's grade shall be affected if a graded activity or assignment occurs during the period of time when the student is absent only if the absence is unexcused.
- Absences due to long-term illness will be treated on an individual basis.

ALTERNATIVE SCHOOL

This program is structured to accommodate the needs of students who, for a variety of reasons, require a different model of instructional intervention. The program is housed in a portable building behind the high school and is comprised of two discrete pathways:

- × The All-Day Program – students attend all day, every day, and work in a supportive and individualized environment specifically tailored to meet their needs.
- × Contract-Based Education – students are required to attend one hour per week at a time to be arranged with the instructor. They are also required to complete twenty-five hours per week of schoolwork on their own.

Important Note: The Alt. School is a separate and distinct program from DPHS, and there is no intermixing of classes. Additionally, while Alt. School students will be able to attend all extracurricular events, they will be residing solely at the Alt. School during the entirety of the school day. Alt. School students will not be allowed in DPHS without prior permission from administration. It is also important to note that specific and detailed program requirements for the Alt. School will be disseminated by Alt. School staff.

COLLEGE IN THE CLASSROOM

Juniors participating in College in the Classroom must attend six classes. Please refer to the Course Description Guide for more information.

FIFTH-YEAR SENIORS

Fifth-year seniors will be allowed, on a case-by-case basis, to continue to earn credits toward graduation **solely through the Alternative School pathway.**

GENERAL INFORMATION

ACADEMIC HONOR CODE

The high school expectation is that students are responsible for the quality of their academic performance. Students will be judged on the basis of that performance and will be expected to adhere to the highest levels of academic integrity. This requires doing one's own work and never engaging in morally suspect behaviors such as cheating, plagiarism, and other forms of academic dishonesty.

ACCIDENTS

Accidents can occur and our school does not provide coverage for student injuries or damages caused by accidents. If you wish to get information about school insurance, please ask for information in the main office.

Also, all student injuries must be reported the same day to the main office.

ANIMALS

Due to Health Department statutory regulations, non-service animals are not permitted within the building.

ASSEMBLIES

Assemblies are a required activity at DPHS and are a part of a regular school day. Students need to be respectful when attending all assemblies.

ASSOCIATED STUDENT BODY (ASB)

The ASB is composed of all students enrolled at DPHS. The students elect ASB officers. They are charged with the responsibility of planning school activities. Student-planned activities generate school spirit, promote good human relations, promote and support our athletic teams, and provide a break in the tension of studies.

ASB officers also plan activities that encourage communications between students and staff. Students may purchase an ASB card that entitles them to enter extra-curricular activities at a student rate.

ATHLETIC/CHEER ELIGIBILITY

Prior to participating in athletics or cheerleading, each student must meet the following requirements:

Academic Criteria

You must meet all DPHS academic criteria and be passing all classes. If at the semester you do not meet DPHS criteria you will be placed on five (5) weeks probation. You may practice, but you will not be eligible for games.

In addition, if a student is participating in athletics and having academic problems in a class or several classes, the teacher or teachers may work with the coach to support the student toward academic success.

Other Criteria:

- Parent permission/release.

- Physical exam from a private physician.
- Insurance (school or private carrier).
- Purchase of an ASB card.
- Attendance is required in all classes that day to attend practice or participate in game/match.
- Follow guidelines of the athletic handbook.

No Pass-No Play

Deer Park Athletic/Co-Curricular Eligibility Policy

- A student must pass all classes at DPHS during the preceding semester in order to participate immediately in an athletic or co-curricular program.
- A student who failed one or more classes during the preceding semester will automatically be placed on academic probation for 5 weeks from the start of the semester. During the probationary period, a student may practice, but may not participate in any competitions.
- A student must be enrolled in a minimum of 5 classes in a 6-period schedule in order to maintain athletic or co-curricular eligibility.
- A student who is failing a class during a season, in which he or she is participating, will be placed on probation until the grade is raised to passing. The student may continue to practice but cannot participate in competition.

CASHING CHECKS

Like most high schools, DPHS keeps limited funds on campus. The business office will not cash personal checks or make change for students. Checks for student lunches should be made for only that amount. **TWO-PARTY CHECKS WILL NOT BE ACCEPTED.**

CLASS STANDING

- Seniors are given first locker assignment.
- Lunch privilege (open campus lunch for seniors) in good academic / behavior standing.

CLUBS-CLASSES-ORGANIZATIONS

School activities include, but are by no means limited to: Archery, Band, Cheerleading, Choir, DECA, Debate, Drama, Foreign Language, FFA, Key Club, Knowledge Bowl, Link Crew, National Honor Society, Science, Stag (school newspaper), and the Antler yearbook.

CLUB DUES: DECA - \$45.00; Key Club - \$25.00; FFA - \$45.00. *Clubs subject to price change as determined.

If there is something missing that sparks an interest, students can form their own club by finding a group of friends with the same interest and a faculty advisor willing to sponsor the club. Each club needs to write a constitution approved by the ASB.

COMPUTER USE POLICY

At DPHS you will have access to a high-speed connection to the Internet. When you use the computers at DPHS, you have a responsibility to use them correctly. This means that they should not be used to access or create materials that don't belong at school. This includes, but is not limited to, images and messages that are sexually explicit, grotesquely violent or seek to demean or harass others. Please be aware that the privilege of computer use at DPHS depends on your ability to use them correctly. **You may lose that privilege if you are unable to act responsibly and you may face disciplinary action.**

There is no charge for using the DPHS Internet services. However, only those students who have turned in a Parent/Guardian Permission Form will be allowed to access the Internet.

SATURDAY SCHOOL/ISS

Assignment of Saturday School is a natural consequence for student violations of school policies, procedures, and rules. **As such, Saturday School takes precedence over all extra and co-curricular activities. This includes sports events, practices, and any other school related events.** Please refer to Progressive Discipline Guidelines for consequences of missing an assigned detention.

DRIVING/PARKING PRIVILEGES

Our expectation is for students to demonstrate the utmost caution when entering, leaving, or driving in our parking lots. **If it is determined a particular student has driven, by our estimation, in an unsafe, reckless, or inattentive manner, the student will be given one warning; a second offense will result in the loss of parking privileges at our school and any other school district properties. However, if we feel the student's actions are sufficiently dangerous there will be no warning before privileges are lost.** Note: the length of time privileges are lost will be decided on a case-by-case basis. Finally, all students who plan on parking on school grounds must record their license plate number on their student registration form. Students are allowed to drive to school and park within the designated student area. **CARS ARE NOT TO BE PARKED IN THE FIRE LANES!** Cars parked in no parking areas can be towed at the owner's expense. Students are not to be in their vehicles at any time during the school day between arrival and departure.

Student cars are not to be used for transportation for field trips or school related activities.

EARLY RELEASE FROM SCHOOL

If you are on an early release schedule, then you must leave the campus immediately after your last scheduled class. Early release for students is scheduled through the counseling office.

ATTENDANCE DURING TEST DATES

Once a student arrives on campus they *must* remain on campus and report to the Commons (or other) for supervision until school begins at 10:47 a.m. (or other time determined).

FEES

The following schedule for fees is subject to change:

- ASB Card.....\$ 35.00 (reduced fee is available to those who qualify for \$25.00)
- Yearbook (The Antler).....\$ \$55 to \$60
- Production - \$25.00; Band - \$35.00; Choir - \$25.00; Jazz - \$35.00; Percussion - \$35.00; Broadcasting - \$25.00; Art - \$20.00; Welding - \$25.00; Intro to Engineering - \$25.00; Woodshop - \$25.00; FFA - \$45.00; Floral - \$30.00; Pottery - \$20. (Other fees may apply)

Insurance: School time, full time, dental and football. (Insurance forms are available at the office)

Miscellaneous: Some courses require the use of consumable items. These are sold to students at school cost. Your teacher will inform you when such items will be required.

Student activities are financed by the sale of ASB cards. The card provides identification and permits participating in all student body affairs, and admission to home games. Purchase is REQUIRED of all students participating in any extra-curricular activity.

Locally determined coursework identified in HSBP that is needed for meaningful postsecondary career or educational goals chosen by students based on interest and career goals.

Students must also meet the following graduation requirements:

1. A .50 credit of Digital Communications Tools (Digi-Comm) is required.
2. Complete a “High School and Beyond” plan, which includes the development of an appropriate pathway. The “High School and Beyond” plan must be completed and discussed with the student’s guardian at the grade 12 Student Led Conference (mandatory).
3. Washington State History

“High School and Beyond Plan” (HSBP)

The High School & Beyond Plan revolves around three questions: Who am I?, What can I become?, and How do I become that? The High School & Beyond Plan, a graduation requirement, helps students get the most out of high school and think about their future. Students work with school counselors and advisors to create their own individual plan, the “personalized pathway”, throughout high school and revise their plan annually to accommodate changing interests or postsecondary goals on what they expect to do the year following graduation from high school. The postsecondary aspirations may include pathways for application to four-year colleges or universities, two-year community or technical colleges, apprenticeship programs, industry standard certificate programs, military training, or on-the-job training.

Established in [RCW 28A.230.090](#), the HSBP must include the following components, at a minimum:

1. Identification of career goals, aided by a skills and interest assessment
2. Identification of educational goals
3. A course taking plan that:
 - a. Fulfills state and local graduation requirements
 - b. Aligns with the student’s career and educational goals
4. A resume or activity log
5. Evidence that the student has received information on state and federal financial aid programs that help pay for college.

For students not on track to graduate, their HSBP must also identify interventions and academic supports, courses, or both, that are available to help them fulfill high school graduation requirements as defined in RCW 28A.230.090. Possible courses may include career and technical education equivalencies in ELA or math adapted pursuant to RCW 28A.230.097, Credit Retrieval, or Alternative School.

In 2005, in conjunction with the Deer Park Schools Board of Directors, Deer Park High School instituted an advisory program to support students in setting and achieving college and career goals as defined in students’ HSBPs. This program currently includes these essential elements.

1. Nine (9) advisory sessions per year
2. A designated advisor for each student
3. The development of an Individualized Personal Pathway
4. Parent attended Fall teacher-led and Spring student-led conferences

5. Advisory curriculum adapted from School Data Solutions
6. The development of an advisory portfolio representing each student's HSBP

COLLEGE IN THE HIGH SCHOOL

College in the High School is a unique program offering students an opportunity to enroll in and earn credits for university level course work. While courses are taught by Deer Park faculty, all syllabi, texts, quizzes and tests are designed by the university. Grades earned are recorded on a university generated transcript and a Deer Park High School transcript. Participating universities are the Central Washington University (CWU) and Eastern Washington University (EWU). Students taking any university course must be at junior standing or above or have special permission from the instructor at the high school.

Current College in the High School courses being offered are:

Math: CWU Algebra II w/Trigonometry, CWU Pre-Calculus I (1st Sem.) & II (2nd Sem.) *and* CWU Calculus 172

English: EWU College Composition 101 *and* EWU Intro to Literature 170

Social Studies: EWU History 110 *and* EWU Political Science 100/ECON

DPHS offers these courses tuition free to the student. Students taking the college courses must be scheduled into six (6) class periods or may be required to pay tuition to Eastern Washington University (EWU).

ADMISSION REQUIREMENTS FOR WASHINGTON PUBLIC AND FOUR-YEAR COLLEGES AND UNIVERSITIES

The high school course requirements of the public, four-year college/universities in the State of Washington are shown below. Each figure represents the number of years of high school study required **as a minimum** in the specified areas. Students are urged to complete more than the minimums in order to strengthen their preparation for college study.

The courses taken in these subjects should be college-preparatory in content. Those who complete at least the number of years of study listed below will be eligible for consideration for admission at all six Washington public colleges and universities. Those six colleges and universities are: Eastern Washington University, Central Washington University, Western Washington University, Washington State University, University of Washington, and Evergreen State College.

ENGLISH - 4 years (8 semesters)

MATH - 3 years (must be Algebra or higher)

SOCIAL STUDIES - 3 years

SCIENCE - 3 years (one year must be biology, chemistry, or physics)

FOREIGN LANGUAGE - 2 years (same language taken in consecutive years)

VISUAL/PERFORMING ARTS - 2 years

HIGH SCHOOL LIBRARY

The library supports school and district regulations. The following behaviors are expected of students: (These should also be stressed by teachers before bringing classes to the library.)

- Learn in the library
- Enter and work quietly
- Ask for help (from library staff, teachers, library aides)
- Be helpful
- No food or drink
- No radios or electronic devices
- Treat everyone with respect
- Have a pass from your classroom teacher

Lots of learning can take place with lots of students using the library if students are using it well. Please support these expectations and make them your own.

Library books: Books may be checked out for a period of approximately two weeks and may be renewed for an additional two-week period if no reserve request is on file.

Overnight circulation: Books designed for overnight circulation may be checked out after school and must be returned before 8:30am the following school day.

Lost books and materials: Must be paid for.

Overdues: Overdues will be sent to students weekly. Students will NOT be allowed to check out library materials if they have overdues. Grades and transcripts will not be released unless all fines are paid.

HOMEWORK

Homework maybe requested by a parent for students absent three or more days by contacting the attendance secretary. Homework requests will be provided for a one-week period at a time. All homework must be returned and completed before requesting additional homework assignments. (Please refer to Discipline Section for homework if a student is suspended).

LANGUAGE USE

Verbal or written language at school/on school grounds, which is vulgar, profane or obscene, is unacceptable and will be dealt with according to our progressive discipline policy. School is a public place-if a “private” conversation is overheard by others, the conversation is no longer private. Use of profanity will result in disciplinary actions.

LEAVING CAMPUS

DPHS is a closed campus. Students are not allowed in the parking lot during the school day. The woods bordering the school are off-limits. Students must stay inside these boundaries unless they have an early dismissal to leave school. Students must remain on campus during lunch. Upon arriving to school students are not permitted in the unauthorized areas. Leaving school grounds without permission will result in disciplinary actions, up to and including suspension.

LITTER & GRAFFITI

Littering and graffiti definitely shows a lack of class and pride in OUR SCHOOL. This facility belongs to all of us and future generations. Treat it kindly and with RESPECT.

MEDICATION AT SCHOOL

Deer Park High School staff are prohibited from providing any medication, including aspirin, to any student. Students needing occasional medications, such as penicillin, etc., for colds, earaches, sore throats, etc., are to take these medications at home if possible. Medication that is prescribed three (3) times a day can be given before the student comes to school, after school, and again at bedtime. However, if a prescription medication **MUST** be given at school, it must be personally delivered by the parent and accompanied by a written authorization from a parent/guardian and a licensed health care professional with prescriptive authority that includes the name of the medication and instructions

for its administration (time and dosage). There is a medication permission form available at the office.

If there is a need for short-term over-the-counter medication such as aspirin, students are allowed to bring a one-day supply in the original container that is kept and administered by themselves. This order will expire after 14 days. **Sharing ANY medications is prohibited including, Tylenol, cough drops, inhalers, etc.** The over-the-counter medication permission must be completed by parent/guardian and is available at the office.

HEALTH REQUIREMENTS

Immunizations: “No Shots, No School.” All students entering are required to have proof of immunization against diphtheria, pertussis, tetanus, polio, mumps, measles, and rubella.

Any life-threatening health condition: Parent/guardian needs to contact Nurse, District School Nurse at 509-468-3512.

MENTAL HEALTH SUPPORT & SUICIDE PREVENTION

In addition to our school counselors, we also staff a therapeutic family counselor to support and assist students. Additionally, were a student to require hospitalization or absence from school due to mental health concerns, we have established a protocol we follow when the student and family indicate the student is ready to return to school. Please reference our process for Responding to Suicide Ideation / Hospitalization Referrals and Admittances (Appendix C).

Additionally, the school strongly encourages students to notify a teacher, principal, counselor or other responsible adults at school when they themselves are experiencing depression or thoughts of suicide, or if they suspect or have knowledge of another student’s despair or suicidal intentions.

STATEMENT REGARDING DEER PARK HIGH SCHOOL DISCIPLINE POLICY

It is the policy of Deer Park School District No. 414 to encourage student conduct that shall promote good health, reasonable standards of behavior, effective citizenship, and a positive environment for learning. Students on school grounds or in places under school jurisdiction are expected to abide by the rules, which are established to achieve these objectives.

Admission to the schools of Deer Park carries with it the presumption that the student shall conduct him/herself as a responsible member of the school community. This includes the expectation that the student shall obey the law, adhere to the policies of the School District, and comply with rules and regulations implementing these policies. In addition, the student is expected to safeguard the property of the school and to respect the rights and privileges of others in the school community.

In accordance with his/her level of maturity, each student is expected to accept responsibility for his/her own conduct. In order to accomplish the educational purposes of the Deer Park School District in an effective school environment, the Board of Directors has approved a standardized student discipline model developed with input by parents/guardians/custodians, students, and staff. When violations of these rules occur, the school is authorized to take appropriate action designed to insure more responsible behavior on the part of the student. When considering the level of discipline to be meted out to a student, school authorities shall consider several factors including, but not limited to, the student’s attitude, the severity of conduct, the student’s intent, the effect on other students and/or staff, mitigating circumstances, and the student’s discipline history. Depending upon these factors, a more severe punishment or alternate consequence may be imposed. The ranges of sanctions so noted are progressive. Repeated offenses in any one category or combination of categories shall result in more severe sanctions. When violations of the laws of the United States, the State of Washington, and/or its subdivisions are also involved, the school shall refer such matters to parents, legal guardians, or appropriate authorities.

Students are reminded that they should adhere to a code of good behavior, not only for their benefit, but for the benefit of others as well. Students are responsible for their actions and will be held

accountable for the rules and regulations concerning student behavior. The following policy will be used to administer student discipline.

Rules and Regulations

Washington Administrative Code (WAC), Chapter 180-40, entitled "Pupils", has been observed in the development of these rules and regulations. In the event that inconsistencies exist between those administrative provisions and these rules, regulations, and implementing procedures, or the State Board of Education revises the administrative provisions at a later date, the WAC shall supersede the District's rules. The enforcement of rules promulgated by the Washington Interscholastic Activities Association and like organizations that govern the participation of students in interschool activities, and appeals in connection therewith, shall be governed by rules of the organization that have been adopted pursuant to RCW 28A.600.200 and approved by the State Board of Education -- not by these rules.

A student has rights in the context of these rules insofar as s/he is a duly enrolled student of a particular school in Deer Park School District No. 414. At age eighteen, students become legal adults and must approve any disclosure of information about themselves from school records, except directory information, if a request for confidentiality has not been filed. Students at age eighteen may also sign releases, authorizations, or permission slips to participate in school activities and may sign themselves out of school and authorize their own absences, once parent permission paperwork is on file and approved by administration. Students between sixteen and eighteen who have been granted legal emancipation from their parents/guardians/custodians have the same rights as eighteen-year-old students. Students fourteen years of age or older have the right to keep private from everyone any District records indicating that they have been tested or treated for a sexually transmitted disease or referred, diagnosed, or treated for drug or alcohol problems. A student eighteen years of age or over, being legally an adult, shall have full responsibility for his/her behavior, but shall continue to have disciplinary actions regarding his/her conduct referred to his/her parent/guardian/custodian (unless emancipated), as hereinafter noted in these rules and regulations.

I. STUDENT RESPONSIBILITIES

A. Respect for the Law and the Rights of Others:

The student is responsible, as a citizen, to observe the laws of the United States, the State of Washington, and/or its subdivisions. In the school, the student shall respect the rights and property of others so that s/he does not interfere with their education. The teacher and the administrator are required by law to maintain a suitable environment for learning. Students who involve themselves in criminal acts on school property, off school property--and which acts have a detrimental effect upon the maintenance and operation of the schools or the District--are subject to prosecution under the law and/or disciplinary action by the school.

B. District Rules of Conduct

Students shall comply with all rules and regulations adopted by the District, including the rules and regulations set forth herein. The following rules identify, but do not limit, the types of activities covered by School District regulations. The rules shall be enforced by school administrators:

- on the school grounds,
- off the school grounds at a school activity, function, event, or
- off the school grounds if the action or incident was initiated on school grounds.

When considering the level of discipline to be implemented, school authorities shall consider several factors including, but not limited to, the student's attitude, the severity of the misconduct, the student's intent, the effect on other students and/or staff, mitigating circumstances, and the student's discipline history. Depending on these factors, a more severe punishment may be imposed. Students with disabilities shall be disciplined in a nondiscriminatory manner on a case-by-case basis.

The following list of offenses is not exclusive of other behaviors for which a student may be disciplined, up to and including expulsion and notification of appropriate non-school agencies. The range of sanctions is progressive. Repeated offenses in any one category or combination of categories shall result in more severe sanctions. For each offense, the level of initial discipline is indicated:

***“Exceptional misconduct,” designated by an asterisk, has been judged by the school district after consultation with an ad hoc citizens’ committee to be of such frequent occurrence and/or so serious as to warrant immediate resort to long-term suspension.**

11. Cell Phone/Cameras/Camera Phones/Personal Communicator/Telecommunication Equipment.

Students are prohibited from use of cell phone and cameras of any type in any restroom, locker room, or other location where students and staff "have a reasonable expectation to privacy." Further, it is illegal to take anyone's photo without their permission. A student caught improperly using any telecommunication device to take or transmit digital photographic images will face immediate discipline, loss of privileges, and may be recommended for expulsion.

Taking or transmitting digital images during a testing period is also prohibited. If a student is caught transmitting digital images during testing, he will receive no credit and receive school discipline up to expulsion. Loss of privileges may include withdrawing the student from the class and losing credit.

Due to a number of incidents where cell phones possessed and being used by students have disrupted instruction and learning the during scheduled class time, we are clarifying actions to be taken when cell phones create a distraction to students or disrupt the learning environment at Deer Park High School.

- All cell phones are to be turned off and put away during scheduled class periods. Students are not to be released from class so they can use their cell phone to either make or receive calls, send or receive text messages, take or send pictures, or use the phone for any other reason during class time.
- Students may use their cell phone outside the classrooms and library, before and after school, during break and during lunch. Students who are late to class because of cell phone use will be appropriately disciplined for tardy, truancy, etc.
- Cell phones that are on and ring or are off and cause a distraction may be collected by the staff member and turned in to the office. Students who refuse to turn their phone over to the staff member will receive a referral for refusing to comply with a reasonable request, which will result in school discipline.
- Consequences for violations involving cell phones will be as follows:

1st Offense – Cell phone will be taken by staff and returned to the student by an administrator at the end of the school day.

2nd Offense – Cell phone will be taken by staff and returned to a parent by an administrator when the parent comes to the school.

Additional Offenses – Cell phone will be taken by staff. The student will receive Saturday School or other suitable consequences. The phone will be returned to the parent by an administrator when the parent comes to the school.

43. Truancy/Attendance: All students enrolled in Deer Park School District shall be punctual and regular in attendance. The primary responsibility of good school attendance rests with the parent/guardian/custodian and student(s). Therefore, if a student is absent, it is the student's responsibility on the day s/he returns to school to contact the teacher for his/her makeup work for excused absences. Such makeup work must be completed in a reasonable time. Students shall attend school every scheduled school day for the entire day and shall be in their assigned areas at assigned times, unless officially excused.

A student may be excused from school attendance if s/he is physically or mentally unable to attend school, is attending a residential school operated by the Department of Social and Health Services, or has been temporarily excused upon the request of his/her parent(s)/guardian(s)/custodian(s) for purposes agreed upon by the school administrator and the parent(s)/ guardian(s)/ custodian(s). An "excused" absence or "excused" tardiness from a class or from school is commonly related to the student's own illness or a health condition, a religious observance (when requested by the student's parent/guardian/custodian), school-approved activities, family emergencies and, as required by law, disciplinary actions or short-term suspension. In addition, and upon request by a parent/guardian/custodian, the Principal may grant permission in advance for a student's absence providing such absence does not adversely affect the student's educational progress. The school shall require from the parent/guardian/custodian, unless student is adult/emancipated, such verification, as the school deems necessary to determine the reason for the absence or tardiness.

Further, excused absences that are excessive or that are negatively impacting a student's academic progress will be treated in the same manner as unexcused absences. The determination of "excessive" will be at the discretion of the school.

Any absence or tardiness from a class or from school, unless the school authorities are notified in advance and approve such absence or tardiness, shall initially be deemed an "unexcused" absence. The student shall have the burden of advising the school of the reason for such absence or tardiness. The school shall require from the parent/guardian/custodian or student such verification as the school legally deems necessary to determine the reason for the absence or tardiness. If the school judges the reason as justifiable, the absence or tardiness may be considered "excused". If unexcused, then the student will not have rights to receive credit for assignment, tests, etc.

"Unexcused" absences and/or tardiness shall be cause for discipline. See subsection "D" thereafter. Whenever a student has an unexcused absence, the parent/guardian/custodian shall be notified by phone or in writing and informed of the consequences of additional unexcused absences. **After the second unexcused absence within one month**, the parent/guardian/custodian shall be notified and a conference scheduled with the parent/guardian/custodian and student to determine what corrective measures should be taken to eliminate or reduce the cause of the student's absence from school. If the parent/guardian/custodian does not attend, the conference may be held with the student. Parents/guardians/custodians may be notified, and the planned program to ameliorate the cause of the student's absence from school may be reviewed after each subsequent unexcused absence. **The District shall, not later than the fifth (5th) unexcused absence, enter into an agreement with the student and parent/guardian/custodian that establishes school attendance requirements. A meeting with the Community Truancy Board will be scheduled at this time.** The District shall file a petition with juvenile court alleging a violation of attendance laws by the parent/ guardian/ custodian, by the student, or by the parent/guardian/custodian and student after seven (7) unexcused absences for a majority of hours or periods in a school day within a month or not later than the tenth (10th) unexcused absence during a school year. If the allegations in the fact-finding hearing are established by a preponderance of the evidence, the court shall assume jurisdiction until the end of the current school year and may extend longer. The District is responsible for reporting any additional unexcused absence to the court.

A student's academic grade or credit in a particular subject may be adversely affected by reason of absence or tardiness only to the extent that the student's attendance and/or participation

- is related to the instructional objectives of the course, and
- has been identified by the teacher as a basis for grading in the course.

School Discipline

44. Weapons/Dangerous Items. Possessing, transmitting or using items determined by school authorities to be weapons, which are capable of causing bodily harm or threat of intimidation, including fake weapons, laser pointers and knives. All such weapons shall be confiscated, and appropriate law enforcement agency notified.

Toy weapons, knives of any size or type, and laser pointers are not allowed on campus. These items shall be confiscated and must be picked up by the student's parent or guardian. One exception is the use of toy weapons in drama productions, and as part of celebration costumes. The building principal must approve drama use, and all approved items shall be secured, and the use supervised by the responsible teacher.

Interview by Law Enforcement Authorities and outside agencies. Law enforcement authorities may be allowed by the building administration to interview students in school. The building Principal/designee shall inform students they have the right to decline to be interviewed or to remain silent during such interviews.

The Principal/designee shall attempt to notify the parent/guardian/custodian prior to such interview. If after a reasonable attempt to contact the parent/guardian/custodian is unsuccessful, law enforcement may proceed with the interview. At such times, an administrator will be present during the interview. **The one exception to this procedure would be if 'Exigent Circumstances' are present (a condition of severity, determined by administrator and/or law enforcement) that precludes parental notification.**

Representatives of the State Department of Social and Health Services, upon receiving reports of abuse or neglect, may interview students on school premises.

If the student wishes a third party to be present for the interview, reasonable effort shall be made to accommodate the student's wishes.

II. STUDENT RIGHTS

A. Student Expression

All students possess the constitutional right to freedom of speech and press. Freedom of student expression is part of the District's instructional program. Free speech may not be used to disrupt the educational process. Freedom of student expression applies also to the students' dress and appearance but may be regulated when, in the judgment of school administrators, there is reasonable expectation that:

1. A health or safety hazard shall be presented by the students' dress or appearance;
2. Damage to school property shall result from the students' dress; or
3. A material and substantial disruption of the educational process shall result from the students' dress or appearance. For the purpose of this policy, a material and substantial disruption of the educational process may be found to exist when a student's conduct is inconsistent with any part of the educational mission of the School District. No student on or about school property or at any school activity shall wear or display clothing **or symbols** which are gang related or representative of hate groups, advocating noncompliance with the law, vulgarity, lewdness, immoral conduct, or the use of tobacco, alcohol, or other drugs. The uniforms of nationally recognized youth organizations and clothing worn in observance of a student's religion are not subject to this policy.

Where such disruption occurs, the student shall be subject to disciplinary action.

School Discipline

B. Assembly

All students possess the constitutional right to peaceably assemble and to petition the government and its representatives for a redress of grievance, subject to reasonable limitations upon the time, place, and manner of exercising such rights.

Students have the right of peaceful assembly in school facilities generally available to the public and at convenient hours that do not conflict with school functions or require staff on duty beyond the regular hours.

Assembly shall be related to the educational process and applicable to school policies and educational objectives. It shall be conducted in an orderly manner and not interfere with the educational process. The assembly cannot impede the free movement of traffic in any way. When students participate as members of approved student body organizations, they shall assemble as authorized by the Principal or his/her designee.

C. Search, Seizure, and Inspection

All students possess the constitutional right to be secure in their persons, papers, and effects against unreasonable search and seizure.

However, a student is subject to search by school officials if reasonable grounds exist to suspect that the search will yield evidence of a student's violation of the law or school rules governing student conduct. The discovery of contraband or other evidence of a student's violation of the law or school rules may precipitate a search.

For the purpose of this policy, "contraband" means items, materials, or substances the possession of which is prohibited by law or District policy. These include, but are not limited to, controlled substances, alcoholic beverages, tobacco products, or any object that can reasonably be considered a firearm or a dangerous weapon.

The right to privacy is a fundamental tenet of human liberty. Staff shall take particular care to respect students' privacy. At the same time, they must protect the health and safety of all students and promote the effective operation of the schools. The Principal, the Superintendent, or other such staff designated by the Superintendent shall have the authority to conduct student searches. They shall do so only upon reasonable cause and in the manner prescribed by District policy. Staff shall conduct searches in a manner, which is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction. No student shall be subject to a strip search or body cavity search by school staff. School officials may consult with local law enforcement officials regarding the advisability of a search on school premises by a law enforcement officer if evidence of criminal activity is likely to be seized.

A search is required when there are reasonable grounds to suspect a student has a firearm on school grounds, transportation or at school events.

Student lockers and desks are the property of Deer Park School District and are made available for student use. Student lockers and desks shall be subject to inspection on a regular basis for the purpose of maintaining school safety and cleanliness. School authorities have the right to inspect and/or search desks or lockers when there is reasonable cause to suspect that the desk or locker is being used for some purpose inconsistent with school policy and/or regulation. A student's personal property, including a motor vehicle or other means of transportation, shall be reasonably free from search. However, if there is reasonable cause to believe that school policies and regulations have been violated, school authorities may search such person or property and may take into custody any objects which could disturb or interfere with the educational process or which present a threat to the safety or security of others.

The Deer Park School District 414 may use a certified drug dog to conduct random safety checks of district property including school lockers and desks. If the dog indicates a possible illegal substance, a thorough search will be conducted of that locker or desk.

Freedom from Discrimination

The District shall provide equal educational opportunity and treatment for all students in its academic and activities program without regard to race, creed, color, political and religious beliefs, national origin, gender, sexual orientation, marital or parental status, socioeconomic status, health status, previous arrest (unless a clear and present danger exists), or incarceration or non-program-related physical, sensory, or mental disabilities. Sexual harassment of a student by a staff member constitutes unlawful discrimination.

District programs shall be free from gender harassment. Married students shall have the same responsibilities and rights as unmarried students. This includes the right to participate in extracurricular activities on the same basis and subject to the same requirements as unmarried students. A student shall not be excluded from attendance in the regular school program solely on the grounds of pregnancy. A pregnant student may be required to produce a physician's statement as to the condition of her health program. If the statement indicates that the pregnant student's health and physical well-being mandates her withdrawal from regular school activities, the District shall develop an alternative educational program.

Tests, Questionnaires, and Surveys

The parent/guardian/custodian must have given written permission prior to the time any student is administered any oral test, questionnaire, survey, or examination which contains questions regarding the student's or his/her family's personal beliefs or practices as to sex or religion. In any District program receiving federal funds, the District is prohibited from requiring students to submit to surveys, analysis, or evaluations without the prior written consent of the parent/guardian/custodian or emancipated student when such survey, analysis, or evaluation reveals information concerning political affiliations, potentially embarrassing psychological problems, sexual behavior and attitudes, illegal, antisocial or demeaning behavior, critical appraisals of family members, legally privileged relationships, and income (other than that required by law).

III. DISCIPLINARY ACTION

A. Definitions

If the school is to maintain an atmosphere which is conducive to learning and which insures the educational rights of each student, the reasonable exercise of authority by school officials is a necessity. In fulfilling this duty, the schools recognize the need for an equitable procedure of disciplinary action, which assures the rights, and obligations of each individual. The degree of disciplinary action imposed shall be consistent with the misconduct involved. Any student or parent/guardian/custodian who is aggrieved by the imposition of discipline shall have the right to an informal conference with the building Principal/designee for the purpose of resolving the grievance. If the grievance is not resolved, the student or parent/guardian/custodian shall have the right to continue the appropriate grievance procedure through the Superintendent and Board as described in Administrative Procedure 4312.5.

Disciplinary Sanctions

Disciplinary sanctions consistent with local, State, and Federal laws, up to and including expulsion and referral for prosecution, shall be imposed on students who violate the standards of conduct prohibiting the unlawful possession, sale, use, or distribution of illicit drugs, including anabolic steroids, alcohol, or tobacco products by students on school premises, grounds, in school-owned vehicles, or any other school-approved vehicle used to transport students to or from school or school activities, including athletic events, dances, field trips, etc.

Persons Authorized to Impose Disciplinary Action/ Procedures

Discipline and Emergency Removal

Each certificated teacher, school administrator, school bus driver, and any other school employee designated by the Board of Directors shall possess the authority to impose discipline upon a student for serious misconduct and unsafe behavior which violates rules of the School District and certificated staff may impose an emergency removal from class, subject, or activity and send the student to the Building Principal/designee.

Suspension and Expulsion

The Board of Directors of Deer Park School District No. 414 does hereby delegate to the Superintendent and/or his/her designee(s) the authority to impose suspensions and expulsions upon students for misconduct, which violates rules of the School District. Each certificated teacher may recommend to their Principal/designee the imposition of suspension or expulsion upon students.

Suspension

Shall mean the denial of attendance other than for the balance of the immediate class period for “discipline” purposes at any single subject or class, or at any full schedule of subjects or classes for a stated period of time. A suspension also may include the denial of admission to or entry upon real and personal property that is owned, leased, rented, or controlled by the school district.

- Short-term suspension is a suspension for up to (10) school days.
- Long-term suspension is a suspension equal to or greater than (10) school days.

Expulsion

Shall mean the denial of attendance at any single subject or class, or any full schedule of subjects or classes for an indefinite period of time. An expulsion also may include the denial of admission to or entry upon real and personal property that is owned, leased, rented, or controlled by the school district.

Emergency Expulsion

A student may be emergency expelled from a school district if the superintendent or his/her designee has good and sufficient reason to believe that the student’s presence poses an immediate and continuing danger to the student, other students, or school personnel, or an immediate and continuing threat of substantial disruption of the educational process. This is an extremely limited standard and the district must be able to offer proof to substantiate the seriousness of the situation.

Procedures

All disciplinary action shall be covered by and subject to the de process procedures issued pursuant to this policy

IV. ANNUAL NOTICE

The District shall provide annual notice to the students and parents/guardians/custodians that the Student Responsibilities and Rights Policy and Procedure are on file for review in each school building or in the School District Office. Requests by parents/guardians/custodians or students for complete copies of the policy shall be made available.

VI. NONDISCRIMINATION STATEMENTS

You also have the right to file a complaint (see below). For a copy of your district's nondiscrimination policy and procedure, contact your school or district office or view it online here:

SEXUAL HARASSMENT

Students and staff are protected against sexual harassment by anyone in any school program or activity, including on the school campus, on the school bus, or off-campus during a school-sponsored activity.

Sexual harassment is unwelcome behavior or communication that is sexual in nature when:

- A student or employee is led to believe that he or she must submit to unwelcome sexual conduct or communications in order to gain something in return, such as a grade, a promotion, a place on a sports team, or any educational or employment decision, or
- The conduct substantially interferes with a student's educational performance, or creates an intimidating or hostile educational or employment environment.

Examples of Sexual Harassment:

- Pressuring a person for sexual favors
- Unwelcome touching of a sexual nature
- Writing graffiti of a sexual nature
- Distributing sexually explicit texts, e-mails, or pictures
- Making sexual jokes, rumors, or suggestive remarks
- Physical violence, including rape and sexual assault

You can report sexual harassment to any school staff member or to the district's Title IX Officer, who is listed above. You also have the right to file a complaint (see below). For a copy of your district's sexual harassment policy and procedure, contact your school or district office.

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child’s principal or with the school district’s Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to revolve your concerns.

Complaint to the School District

Step 1. Write Our Your Complaint

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the district should take to resolve the problem. Send your written complaint—by mail, fax, email, or hand delivery—to the district superintendent or civil rights compliance coordinator.

Step 2: School District Investigates Your Complaint

Once the district receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within 30 calendar days—unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the district will notify you in writing to explain why staff need a time extension and the new date for their written response.

Step 3: School District Responds to Your Complaint

In its written response, the district will include a summary of the results of the investigation, a determination of whether or not the district failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the district into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response—unless you agree to a different time period.

Appeal to the School District

If you disagree with the school district’s decision, you may appeal to the school district’s board of directors. You must file a notice of appeal in writing to the secretary of the school board within 10 calendar days after you received the school district’s response to your complaint. The school board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. The school board will send you a written decision within 30 calendar days after the district received your notice of appeal. The school board’s decision will include information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).

Complaint to OSPI

If you do not agree with the school district’s appeal decision, state law provides the option to file a formal complaint with the Office of Superintendent of Public Instruction (OSPI). This is a separate complaint process that can take place if one of these two conditions has occurred: (1) you have completed the district’s complaint and appeal process, or (2) the district has not followed the complaint and appeal process correctly.

You have 20 calendar days to file a complaint to OSPI from the day you received the decision on your appeal. You can send your written complaint to the Equity and Civil Rights Office at OSPI:

Email: Equity@k12.wa.us | **Fax:** 360-664-2967
